

LIFTING HANDS INTERNATIONAL

**We provide aid to refugees, both at home and abroad.
No politics. Simply humanitarian.**

OUR EFFICIENCY

**\$0.98 OF EVERY \$1.00 DONATED
SUPPORTS REFUGEES DIRECTLY!**

Ukraine Response

We were on the ground in the region delivering aid and medical supplies within days of the start of the conflict, and we'll be there as long as we're needed.

International Aid

Our humanitarian aid warehouse in Utah collects, sorts, packs, and distributes aid to refugee families around the world. This year we have already sent 27 international aid shipments!

Refugee Community Center

Located just 100 meters from the refugee camps in Serres, Greece, the Center supports the camp's 1,000+ residents with educational and psychosocial programming.

US Border Aid

LHI delivers aid to shelters along the border that support families seeking asylum after they are released from detention centers and go through preliminary processing.

Gather for Goats (Jordan)

Through our goat program in Jordan, hundreds of Syrian refugee families have received milk goats, providing an immediate improvement to their quality of life. In five years, we have distributed 2,356 goats.

Utah Refugee Aid

LHI partners with the 2 agencies in Utah to provide aid to refugees resettled in the state. We provide basic household supplies so families can instead use their one-time stipend for other necessities. We've already done 160 housing setups this year!

Greatest Need

Sometimes urgent and unforeseen situations arise. Unfortunately for many refugees, it happens all too often. That's why we started our Greatest Need program—to respond quickly to new and emerging needs.

We rely on the kindness and generosity of people like you for everything we do. Scan this QR code to learn more about ways to support our work!
